FOR THE YEAR ENDED 31 DECEMBER 2014**

---

**1. ACCOUNTING POLICIES**

**1.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**1.2 Turnover**

Turnover comprises revenue recognised by the company in respect of services supplied during the year, exclusive of Value Added Tax.

**1.3 Research and development expenditure**

Research and development expenditure is written off in the Profit and Loss Account in the year in which it is incurred except development expenditure incurred on individual projects. Where the recoverability of this development expenditure can be foreseen with reasonable assurance it is capitalised and amortised in line with sales from the relevant projects.

Amortisation is provided at the following rates:

Development expenditure - 25% per annum on a straight line basis

**1.4 Tangible fixed assets and depreciation**

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Fixtures and fittings - 25% per annum on a reducing balance basis  
Computer equipment - 25% per annum on a reducing balance basis  
Internet software - 33% per annum on a reducing balance basis

**1.5 Investments**

Investments held as fixed assets are stated at cost less provision for any permanent diminution in value.

**1.6 Operating leases**

Rentals under operating leases are charged to the Profit and Loss Account on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the period until the date the rent is expected to be adjusted to the prevailing market rate.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2014**

---

**1. ACCOUNTING POLICIES (continued)**

**1.7 Deferred taxation**

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

**1.8 Foreign currencies**

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the Balance Sheet date.

Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction.

Exchange gains and losses are recognised in the Profit and Loss Account.

**1.9 Pensions**

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year.

**1.10 Consolidation**

In the opinion of the directors, the company and its subsidiary undertakings comprise a small group. The company has therefore taken advantage of the exemption provided by Section 398 of the Companies Act 2006 not to prepare group accounts.

**1.11 Financial instruments**

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.
